21st November, 1921

Dear Monsieur Raemaekers,

I am most grateful to you for sending me a copy of your Christmas drawing. We should like to have it reproduced. Will you kindly let me know what the price would be for the first thousand **and** afterwards for each thousand copies in the form of the card that you have sent me to see?

May I also know what we should have to pay in order to get it reproduced in a larger size and by a different process in this country? I am sorry to ask you for these details but you do not give the name of your printer in Brussels and I am loth to waste a moment if the card is to be ready in time for Christmas.

Yours sincerely

Robert Cecil
