

March 18th

LONG BARN,
WEALD,
SEVENOAKS.

Dear W. Raemaekers

I was overjoyed to receive
your wire in Paris, and really can't thank
you enough. But I have never received
the letter you say you sent to Knole,
so cannot answer your questions, I am
afraid! The above is my address now,
and I sent you a telegram this morning
giving it to you, but this is to say
an extra 'thank you'.

Yours very sincerely
